

KNOW
BEFORE
YOU GO!

Welcome to the world of Concentrates...
Make sure you **Know Before You Go!**

LESS IS MORE

Concentrates are just that; a potent amount of cannabis in a small dose. Start by consuming a very small dose (half the size of a pinhead) and wait more than twenty minutes. How do you feel? Decide then if you need more or less moving forward. Be smart. Don't overdo it.

STAY HYDRATED

Like other cannabis products concentrates can lead to dehydration. Drink plenty of water.

BE RESPONSIBLE

Do not drive or operate heavy machinery. Do not combine with other marijuana products, alcohol or prescription medications. Keep hidden and away from children.

CONCENTRATE EDUCATION

The information contained in this brochure is not and should not be considered legal or medical advice. Please refer to and comply with all warnings contained on your product's packaging. Seek health care if adverse effects or accidental consumption occurs or call the poison control hotline 1.800.222.1222.
